Arrange a survey

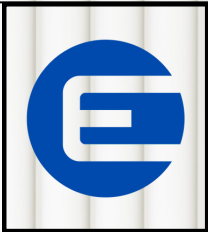

We'll arrange a time that suits you to visit your property and discuss your options so we can provide you with written quotation.

Installation

Our team of installers are qualified to the highest standard and will install your charger with their expertise.

Walkthrough

We'll spend time with you to explain how your new unit works, what apps you might need and go through any questions you might have.

EASY PAYMENT

SOLUTIONS

12 months or 24 months EZYPAY for MAYBANK credit card users only.

ZERO CAPEX

SOLUTIONS

We believe in building a sustainable future by making electric driving the new worldwide standard. We help our customers in the EV industry to optimally manage their charging networks to accelerate the adoption of electric vehicles.

Our green charging solution can also be used by apartments and condominiums to provide residents with the ability to charge their EV without any cost to the management committee.

THANK YOU

SINCERELY
